### THEME STATEMENT

Quiet on set!  
Action.

For most of us, our high school experience was anything but "normal." We began our freshman year with no idea that it would end much sooner than anticipated, going into quarantine in the spring of 2020. We transitioned from coming to school every day to staying at home. Our education went remote, and we adapted to learning from behind our screens. We learned, not in classrooms, but on Google Meets.

Sophomore year looked like a hybrid schedule, remote Wednesdays, and a disconnect from our peers and teachers. We masked up. We sat one seat apart. We used one-way hallways, while some stayed remote all year.

Junior year was our first year back, with all of us together again. While we still wore masks, we weren't "behind the screens" anymore. We learned to adjust to our "new norm," even though few of us knew what that meant. We found our way back to each other, and reconnected in ways we hadn't for quite some time.

Senior year began with lots of changes. A new schedule, a new start time, and a new administrative structure. We were back to where we started.

There are a lot of experiences and challenges that brought us to this point. We wanted to capture our high school experience from a behind-the-scenes perspective. Our theme utilizes elements to demonstrate the process of creation to the final product. Our divider pages capture this through a storyboard and planning transitioning to the final image seen by viewers.

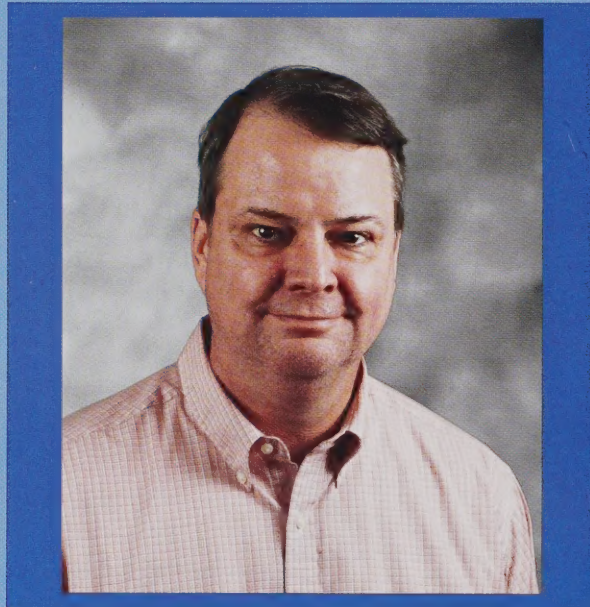

This is the look at our journey to the Senior's Season 20 Episode 23: The One Where We Graduate.

Play roll.

Mr. Jason Andalo

FROM THE

To the Class of 2023,

Often times, people tend to talk about their high school careers in regards to traditions and experiences. That is how they relate to others who went through a similar experience. And often times, that ability to relate to others can be compared across graduating classes, age groups, and even geographic location. You likely entered high school expecting the ability to do that as well.

Your experience, to say the least, has been different. I'm not going to lie here - your high school career has been something of an experiment. A shortened freshman year, a hybrid learning model as a sophomore, a junior year of trying to re-establish a sense of stability, and a senior year of trying to pull it all back together as you plan for the future. That is quite different from any graduating class before you.

And while it was not what you imagined it might be, I would argue that your high school experience has better positioned you for success and leadership than if it had turned out how you imagined it. The reason for that is quite simple. You have reached success and served as leaders already.

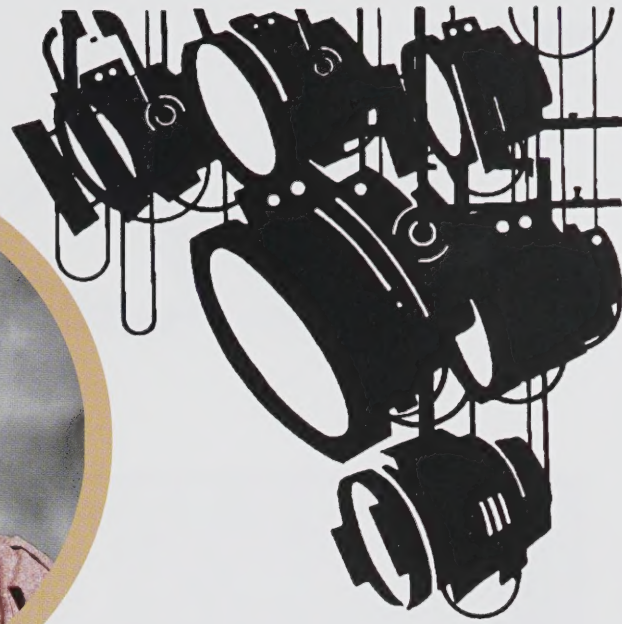

Leaders often have a unique way to frame challenges as opportunities. During each step of this four-year journey, each of you has displayed this ability. Sometimes this happened when you were faced with a challenge and made a conscious decision to look at it as an opportunity to grow. Sometimes this happened by necessity, and you were forced to grow up faster than you would have ever imagined. But the constant has been your individual ability, and your collective outlook as a class, to see these many challenges as opportunities to learn and grow. To look at these as opportunities to become closer as a class and promote unity, collaboration, and to foster a sense of belonging for others in our school community.

That, my friends, is leadership. And I am forever filled with gratitude to have worked with you, and to have learned so much from you, during this time.

With Admiration and Respect,  
Hugh T. Galligan

# DIRECTORS

Dear Class of 2023,

Four years have gone so fast, though I am sure that it didn't feel that way at times! We are incredibly grateful for the time that we have spent with you. It has been an honor and a privilege to have worked with you and learned from you.

There was not one day in the last four years that you did not amaze us with your compassion, make us proud with your leadership, and humble us with your sense of community.

Some simple lessons that we have learned together during your time on the Hill will always hold true: believe in yourselves, be kind, and do your best.

If you need us, we will be here for you. Mustangs forever.

Love you always,  
Mrs. Derrane

## **Letter to the Class of 2023**

Working closely with the class of 2023 has been my esteemed pleasure. In all of my years as a dean and class advisor, I have never come across a group of students so imaginative, passionate, and determined. These characteristics are incredibly valuable to possess at such a young, maturing age and will transcend directly toward your futures. You will need to imagine your future and how you want it to progress, you need to have passion to further pursue your goals and you must be steadfast in your determination to achieve these goals.

I wish you the best that life has to offer you and more. Your time here at NHS will never be forgotten by you and especially by those whose lives you have touched with your kindness and compassion.

In the words of Matthew Broderick, I offer you this advice; "Life moves pretty fast...you don't stop to look around once in a while...you could miss it." (Ferris Bueller's Day Off)

Best of Luck!  
Yours Truly,  
Mr. G

### Message from the Class Advisor:

Kerri Quinn  
Class of 2024  
Advisor

It has been my pleasure to represent the Class of 2024 for these past three years as both your Dean and now Class Advisor. I have seen you all evolve into strong, kind, and determined young adults. I admire all your accomplishments both in and out of the classroom and your continued involvement in the NHS community. As you finish up your junior year, I have no doubt you will slide into senior year ready to conquer more great things. My advice to you now is to finish junior year on a positive note and soak up these moments which will soon turn into memories. As you move forward, I hope you take chances, make new friends, try new experiences, and stay true to who you are.. As you close out the third quarter of this very crazy and fun game called "high school", remember, you have an entire quarter left and amazing teammates around you.

Stay kind, keep an open mind, and laugh.

Proudly,  
Mrs. Quinn

Class of 2026,

It has been a pleasure to serve as Class Advisor for your first year at NHS. With one year down, and three to go, you will be entering senior year before you know it! I enjoyed working alongside your Class Officers to create fundraising opportunities that will benefit you in your future years at Norwood High.

In your time remaining, remember to work hard, learn lots, and be good to one another. Make these years a time to remember!

Best,  
Ms. Leavitt

# Student Spotlight: Juna's Sweet Business

Something that helped get students through the 2022 - 2023 school year is Senior Juna O'Leary's candy business. The affordable prices for candy and other snacks were a welcome treat for students in all three lunches.

Juna shares that due to responsibilities in and out of school, getting a job was a major challenge. These obstacles led Juna to the idea of starting the candy business.

"I thought this would be a nice way to bring in some money for myself and put smiles on people's faces," Juna shares, adding "I could interact with more people than I'm normally comfortable with."

Juna also opens up about the positives gained from the business. "I learned how to properly finance things, how to budget for certain things, and how to keep calm in some awkward situations."

Juna gives credit for her business to some teachers as well explaining, "Mr. Manning and Mrs. LaRaia have helped me because they were the ones to give me the basket." Juna is also appreciative of Mrs. Derrane for allowing the business thrive.

Senior, Juna O'Leary, pictured with some of the tasty inventory

Overall, Juna enjoys the candy business with Twix being a personal favorite of the inventory.

Juna can't wait to see what the future holds for the candy business saying, "I want to see if I can keep up the candy business in college, if not I think I will focus on my art and writing."

## Why TIOT?

Tiot (pronounced tie-ot) originates from the language of the native Neponsets, a branch of the Algonquin tribe. Translated to "enclosure of waters," the term refers to Norwood being surrounded by water on three sides.

For the most part, the first few settlers of the Norwood area situated themselves on the fertile land beside the Neponset River and along the Traphole Hawes Brooks. The settlers gradually transformed the wilderness into a small-contained village, that came to be known as Tiot.

Around the 17th century, Tiot became a nickname for the area that is now known as South Norwood. In 1639, Tiot was a part of Dedham, along with the 14 other communities in Southeastern Massachusetts. The town of Norwood was officially formed in 1872.

Today, Tiot remains a visible symbol of town pride. It has been the name of the Norwood High School yearbook since 1929.

THANK YOU FOR  
YOUR SUPPORT  
OF THE 2023  
TIOT YEARBOOK!

## BOOK CREATION INFORMATION

The yearbook is a student-made publication of Norwood High School. The publication is produced entirely by students (henceforth known as "Staff") under the supervision of a Faculty Advisor in a class environment. Pictures, interviews, quotes, and statistical data were gathered by the Staff and submitted by the Norwood School Community over the course of the 2022 - 2023 academic year. Content from the Norwood Community was submitted via email, shareable drive, or image sharing app. The Staff is responsible for layout, design, copy, and caption writing, as well as the overall editing of the publication. Every effort is made to ensure that the Norwood High School yearbook is holistic, objective, and accurate. Although the publication is thoroughly proofread and edited, we sincerely apologize for any omissions, misspellings, misattributes, or other mistakes that occurred during this educational editorial process.

Senior portraits were taken by many local photographers, including but not limited to: Dan Busler Photography, Kim Federico, Kate Kelley Photography, Legacy Studios, Prestige Portraits, and other talented photographers. Underclass portraits were taken by Legacy Studios. Additional photography support was provided by Steve Conant, Kate Curtin, Kim Federico, and Jack Tolman.

This edition of the TIOT Yearbook was published by Walsworth Yearbooks. Our Walsworth sales representative was Debbie Cohen. Yearbook creative and content advisor was Ms. Kendra Leavitt. Yearbook financial advisor was Mrs. Jennifer Dwyer. Additional yearbook consultation and support was provided by Ms. Cindy Derrane, Ms. Teresa Drummey, and Dr. Hugh Galligan.

This book is 208 full color pages in 8.5x11 format. All pages were created by TIOT staff and submitted over four deadlines. Font families used include Handschrift, Helvetica, and Michael. The cost of books ranged from \$65 to \$85, with lower prices available to early buyers.
